- Respect and Prosperity to All stakeholder
- The Paramount Flow, Promise to provide high-quality Products and Customer-Focused technical Service to Its Costumer. Our Product Is Already been Certified by ISO 9001 and ISO 14001.

SPECIALISTS IN WATER TREATMENT AND INDUSTRIAL CHEMICALS SOLUTIONS.

WATER TREATMENT SOLUTIONS

- Raw Water Treatments
- Boiler Water Treatments
- Recovery Boiler Treatments
- Cooling Water Treatments
- Closed system chemicals
- Reverse Osmoses Pant chemicals
- Waste water treatment
- Foam Control industrial water and industrial processes

MONITORING & CONTROL SOLUTIONS

- Analyzers
- Controllers & Chemicals Dosing Pumps.
- Data Management Service

Our mission is to be a leader in the field of water treatment industry by providing a complete range of high performance water treatment technical services and branded products .As water is a cost, plant profitability is influenced by strong sound water management practice. We increase your profitability by reducing operating and modest repairs cost through effective influent, cooling, and wastewater system treatment, All treatment are executed in a safe and environmentally complaint manner, We provide customer satisfaction of high quality services and products. Paramount Flow, aims to support its client with the highest quality services delivered by highly experienced and professional engineer.

 **PULSAFEEDER®**

Water Treatment Plants, Waste Water Plant, Parts & component.

- Brackish Water Reverse Osmosis Systems BWRO
- Seawater Reverse Osmosis Systems SWRO

- Nano filtration NF Systems
- Ultrafiltration UF Systems
- Membrane Cleaning Skid Systems
- Media Filters (Industrial & Commercial.
- Cartridge Filter Housings: Industrial & Commercial.
- Water Purification Systems.
- Water Softener Systems
- Water Deionizer Systems
- Containerized Equipment
- Electro deionization Systems
- Waste Water Treatment
- Customized Purification Systems
- UV Sterilizers
- Chemical Feeding Systems

PARTS & COMPONENTS FOR REVERSE OSMOSIS RO & WATER TREATMENT

Paramount Flow, Carries large selection of all parts & components for your reverse osmosis and water treatment needs. The offered prices are very competitive in the market in addition to our fast shipping & delivery.

PARTS & COMPONENTS

Membrane Element (RO, NF, UF)

Control valve

FRP Filter Tanks

Membrane Pressure Vessels

Water Monitoring & Testing Instruments

Industrial & Commercial Water Pumps

INDUSTRIAL & DOMESTIC BOILERS, PARTS & COMPONENTS.

PRODUCTS

- Steam Boilers
- Hot Water Boilers
- Water Tube Boilers
- Heat Recovery Boilers
- Coal Fired Boilers
- Wood Fired Boilers
- Biomass Boilers
- Combustion & Control
- Synergy
- Packaged Boiler houses
- Economizers
- Blow down Vessel
- Turnkey Projects

Industrial & Domestic Burner, Parts & Complete Auto control System.

Paramount Flow's emissions-control and clean-air systems are hard at work, creating long-term value for industries while safeguarding the environment.

Paramount Flow's Combustion's product portfolio includes low-emissions burner systems, onshore and offshore flares, thermal oxidizers and vapor combustion and recovery products that demonstrate our clean combustion technologies in real-world applications every single day.

We Service What We Sales.

We provide unequalled service with factory trained technicians. Our service departments personal are available 24 hours a day, 7 days a week.

RESPONSE

Our multiple locations with service personal living in key areas allow quick response for all areas we serve.

FULL SCOPE SERVICES

Graduate Electrical and mechanical engineer are on staff to assist our customer in equipment selections, installation planning, layout, and permitting and project supervision. They are also involved in system surveys to optimize equipment performance, reliability, and efficiency.
